

## Yakima Youth Action Committee Survey

May 2021

---

- Are you currently housed or unhoused?
- What does the ideal case manager look like (what makes them great at what they do)?
  
- What stood out about the first time you met your housing case manager?
  - Did you know what you were signing up for (i.e. how well were the programs explained, what was expected of you)?
  
- What can a case manager do to help get you housed faster?
  
- What is keeping you from being housed or having permanent housing?

I wish my case manager would ask me about \_\_\_\_\_

so they knew about \_\_\_\_\_.

\*If you could choose anywhere, where would you like a gift card from? (appropriate places please)
